Invasion games and team building
Outdoor PE –
Invasion games and Forest School

Science
Health and Nutrition
- Identify that animals, including humans, need the right types and amount of nutrition, and that they cannot make their own food; they get nutrition from what they eat.
- An adequate and varied diet is beneficial to health (along with a good supply of air and clean water).
- Regular and varied exercise from a variety of different activities is beneficial to health (focus on energy in versus energy out. Include information on making informed choices).
- Comparing and contrasting the diets of different animals (including their pets).
- Decide ways of grouping them according to what they eat.
- Researching different food groups and how they keep us healthy. Designing meals based on what they find out

Babushka

RE
Christianity and God
Who do we look up to and who inspires us, are the themes for this term.

Creative Curriculum
- Looking at different food packaging and investigating how it has been made.
- Designing and assembling food packaging.
- Evaluating my design
- Taste testing and analysing different foods
- Designing and making a healthy sandwich and explaining the reasons for my choices.
