

Assembly Resource

Read through the information below, which provides quotes from the children from Furlanesend Primary School in Cornwall. What do you think about their campaign and the new red nose designs?

Coa, age 10

I was only 6 years old and on the school council when Noah made the suggestion to make alternative noses instead of single plastic noses. I thought he had made a good point, so the next year when it was Comic Relief, I made sure that his idea was remembered. It was agreed by the school council that we should make a stand. I'm so proud that in 2021 the new noses will be 100% plastic free and that I was there when the suggestion was first put forward.

Lauren, age 9

It has been huge to be involved in the launch of the new 100% plastic free red nose. It is something I will never forget. On the day I had mixed emotions, but it was great to see myself on television and hear myself on the radio.

It was very exciting, we could hardly believe it when we were told that Comic Relief had listened to us and were changing their noses to 100% plastic free. We had to keep it secret which was really challenging, as I was so proud of our achievement.

Corin, age 9

Coren, Lauren, Coa and Brodie

Brodie, age 9

Always believe in yourself and be confident. Everyone can make a difference, not just to your own lives but the lives of others. We are a small school and we have made a big difference across the nation.
