

EY Resource

Listen to the children below. They all feel differently about taking part in races. What do you like most of all when you run in a race? Who do you think you are most like?

I love running. Running makes me feel great! I have never won a race yet, but I just like to join in and have fun!

I try so hard to win! I practise and practise, so I get faster and faster!

When we run in a race, we like to stay together and finish together.
