

### English

This half term the children will be using the book as a stimulus for writing and will be writing narrative, poetry, journalistic writing and informal letters. We will be looking at grammar each day and focussing on many aspects of grammar including; adjectives, noun phrases, different conjunctions and use of punctuation.

#### Key Texts

The miraculous journey of Edward Tulane.  
Guided reading- George's Marvellous medicine.

### Maths

This Half term we will be using maths mastery and will be learning about:

- Place value and mental calculations.
- 2-D shape, length and mental calculation.
- Statistics and mental calculation.
- Written addition and written subtraction

### Art

The children will use the book 'The Boy, the mole, the fox and the horse' as stimulus for art this half term.

### PE / Outdoor Learning

P.E will take place on a Monday Boccia and Dance this half term. The children will be focussing on throwing at a target and movement in dance.

Forest School will take place fortnightly on Wednesday.

## Passport Marvellous Maples Autumn 1 2020

Our Christian Value: Trust

### Geography-

This half term we will be looking at our local area. We will use maps and globes to locate the World's continents and Oceans and then use this to find where in the World we are. We will then look at different human and physical features of our surrounding area and compare this to a region of a European country.

### History-

In History, we will be looking at local history and how the school has changed. We will be learning about different sources of evidence and how we can use these to learn about the past.

### ICT

Using technology  
E-safety

### RE

The children will be learning about Christianity, in particular 'The Creation'.

### MUSIC

Let your spirit fly.

### PSHCE

This half term we will be focussing on "Rights of a child" and using the book 'The boy, the mole, the fox and the horse' to look at friendship, kindness, belonging, trust, hope and fear.

### Science:

#### Rocks

The children will learn about the different uses of rocks, how fossils form and how erosion occurs.

#### Forces and magnets

The children will learn about how magnets repel and attract, which materials magnets are attracted to and be able to describe magnets as having two poles.
