Mr Hamilton's Book Review of Willy the Dreamer

Mr Hamilton

★★★★★ **Willy the Dreamer is an incredible book.**

Reviewed in the United Kingdom on 9 March 2019

The story is all about Anthony Browne's famous chimpanzee, Willy. Willy dreams of being all sorts of different characters: an explorer, a ballet dancer – even a sumo wrestler!

The pictures are amazing and very detailed. If you look carefully, you can find a banana hidden somewhere on every page. Some of Willy's dreams are a bit scary. In one dream he is being chased by the bully gorilla, Buster Nose.

I think anyone who enjoys jokes and funny stories would really enjoy this and all the other books about Willy that Anthony Browne has written.
