

Oaks Home learning - Week commencing 11th May 2020

Hi Oaks.

It was lovely to speak to so many of you and your parents last week and hear what you have been up to. It was also good to hear how you are keeping yourself in a routine and keeping yourselves busy. Well done for showing great resilience and independence 😊

This week in **English** the theme is Robots. This is a continuation of last week's work. Check out the planning unit from Lancashire for ideas that can be completed each day. Grammar activities have also been set on Purple Mash.

Maths - new activities have been set on Purple Mash for you to try. These are all revision of topics that we have covered in class. Well done in helping us retain the title in the Battle of the Bands on TT Rockstars. I can really see how your fluency is improving and your rock speeds are getting faster! Keep it up!!

Don't forget to also log onto Spelling Shed to practise your new spellings and keep reading! It would be great to hear about what you have been reading during your time at home.

I have updated the learning grid for the next few weeks with tasks that can be completed independently by you. These are based on our new class topic of Water, Water everywhere! Remember you are not expected to complete all of them.

As always, try and stay as active as you can whether that be going for a walk, a bike ride or a jog. This week, the school has been invited to take part in a virtual gymnastics competition. If you are feeling like you want to give it a try, head over to the main home school learning page at St Paul's where you should find the routines and supporting video clips. It would be amazing to see some of your routine clips on Rossendale School Sports Partnership's Facebook page.

If you need to ask anything at all or you have a worry about something, please do get in touch through the school email. I will try my very best to help in whatever way I can. (school@constablelee.lancs.sch.uk)

Don't forget to check out our school Twitter page and the Facebook PTA page for any other additional class and school updates.

Take care
Mrs Lee
