

Oaks Home learning - Week commencing 22nd June 2020

Hi Oaks.

I hope that you are all well and staying safe?

Here is the learning grid for your daily English, maths and our creative curriculum for the week so please do follow these to help you keep to your routine if you are at home.

This week in **English** the theme is Space. Use the Lancashire planning unit each day for the reading and writing links. Spelling activities have also been set on Purple Mash and Spelling Shed.

Maths - As well as Arithmetic revision, this week I have also set a mini maths project based on our topic this week of Space. This involves you designing your own theme park using your budgeting and measuring skills. Make sure you are still logging into TT Rockstars daily to improve your rock speed score. As always, I have also uploaded a separate maths problem for you to try at home.

Reading - Please keep reading a wide range of books if you can. In school, our key worker children are reading the new novel published online by JK Rowling - The Ickabog. Visit www.theickabog.com for chapters published so far.

Why not watch our daily worship links at <https://stpaulsrawtenstall.co.uk/worship/> to follow our theme in school.

Memories - I hope you have all received my message about the 'Memory book which the school are hoping to create for you. Please send any photos you have from your time at primary school and a personal message/ memory which you would like to go in the book to year6leavers@constablelee.lancs.sch.uk

Enjoy your week

Mrs Lee

Maths

- Theme park maths - Can you design your own theme park? Use your knowledge of area, perimeter and the four operations to plan and cost a theme park when working within a budget.
- Arithmetic tests- brush up on your arithmetic skills. There is an easy (core) and a challenge (extension) task to have a try at. Download the task sheet or answer the questions in your workbook. The answers are attached at the back of the test so you can mark them at the end
- Maths problem of the week - Number families.
- TT Rockstars - Improving fluency skills. Can you improve your rock speed?

English

This week our theme is Space as the focus this week. There are daily reading and writing activities set by the Lancashire English team, which school have adopted to support your daily home learning.

- This week your tasks will involve reading about Space, the Apollo 13 mission and Katherine Johnson, a NASA employee who mapped space flights. Discover all this and more in this week's reading and responding activities.
- Spelling activities have been set on Purple Mash and Spelling Shed.
- There is an expectation that reading is completed every day. Please log any reading in your diaries.

Be Active!

Your challenge is to be active for at least 60 minutes of the day.

Speed bounce - using a marker as the centre, how many times in a minute can you jump from side to side?

Creative curriculum

This week our activities are based around the theme of Space.

- Create a piece of art work based on space. Use the information about Peter Thorpe, who is a well-known abstract space artist to inspire you to produce your own art work.
- Research other famous space explorers or missions - Can you create a report or fact file about them?
 - Space travel is featuring in the news at the moment with the Space X mission launched recently. Follow live missions at <https://www.spacex.com/launches/> or <https://www.nasa.gov/>. Watch live feeds of the International Space Station. Can you sketch an image of its layout?
 - Design a word search using words associated with space and the planets.
 - How many questions can you answer in the space quiz?
