Is it possible to help **make** or **change** the rules and if so how would you go about doing it?

- 1 The rules you have in your class in lesson time
- 2 The rules in a game you are playing at playtime
- 3 The rules in school about when you are allowed to go the toilet
- 4 The rules in school about who is allowed indoors at playtime
- 5 The rules at playtime about who is allowed to play where

- 6 The rules about what you are allowed to eat or not allowed to eat at lunchtime
- 7 The rules about what you are allowed to bring into school (toys, games, phones).
- 8 The rules about what you are allowed to wear or now allowed to wear to school

What other rules do you have in your school? Are there any that you think should be changed and if so how would you go about changing them?
