

## Resource 1

Look at the resource below, where some children share some of the things they do to help the planet.

I always make sure I put my litter in the bin. If I see rubbish that other people have just thrown on the floor, I pick it up and sometimes I go to the park with my family to do a litter pick.

Salim

I always turn off lights and electrical items when I am not using them.

Charlie

We recycle everything in our home. We have separate bins for paper and cardboard, glass, tins and plastic.

Talitha

We try and cycle or walk to school rather than take the car.

Ivana

Do you think some of these things help more than others?  
Who do you think is helping our planet the most?

We take our own containers to shops and refill them with the food we need. We also reuse our shopping bags.

Cara

We try and buy second-hand clothes. Any clothes that I grow out of, we pass down to my younger cousins, who wear them and then pass them on too.
