

The Colour Monster

Carefully read the passage below

This is my friend colour monster. Today he's all mixed up and very confused. He doesn't know why. Look at you, you're all over the place! That's because all your feelings are stirred together, so your colours are too. I know! Let's put each feeling in a different jar, so we can look at it more closely. I can help if you like. This is happiness. I shine yellow like the sun and twinkle like the stars. You feel bright and light. You laugh, you jump, you dance! You want to share that feeling with everyone. This is sad. Sad reminds me of blue and rainy days. Sadness can make you cry. It can make you feel alone, but if you're sad, I'll hold your hand. This is anger. It blazes red like fire. Anger can make you want to stop and roooooaar and shout 'it's not fair'!
