Need something a little different to use in the classroom or support homeschooling parents? Spot On Stories are back with a new video every Monday at 10am!

At the turning of the seasons, the wild Winter Wind and the soft Summer Sun are having a quarrel.

The Winter Wind thinks he's the one who should be in charge. Will the tough Winter Wind triumph once again, or can the softly spoken Summer Sun show him that sometimes a gentle touch makes all the difference?

**Spot On Stories are brought to you by Spot On
Lancashire and Lancashire County Council Library
Service**

In this original adaptation, storyteller Soph brings another 'Fable from the Kitchen Table' complete with creative storytelling, silly characters and song.

Suggestions for additional activities

We'd love to see your weather inspired artwork! Why not draw a cartoon to go along with Just Soph's story or the weather outside your window?

Not in the mood to draw? Then Just Soph has created a worksheet all about the seasons, which can be downloaded [here](#)
