

Self Isolating - Home Learning wc 7th June

Hi Sycamores. I have placed some video clips next to most days, so you could use these instead of the more practical/adult led work if this is easier for you. Feel free to do the video clips OR the practical/adult led!

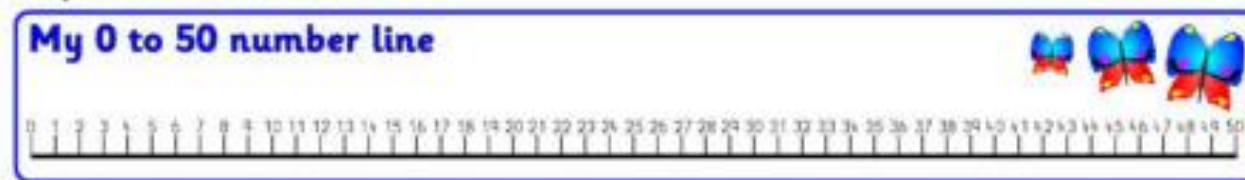

Its lovely to see all your home learning when you email me at:

school@constablelee.lancs.sch.uk

Well done for working so hard!

This week in our **English** our theme is 'Peter Rabbit'

Our maths this week is on multiplication.

In our exploring work our focus is on Science- **Plants**. Try to collect seeds from the fruit and vegetables you have eaten.

Keep reading each day and using phonics play to practice your phonics too! I'll also update spelling shed. Numbots, TT Rockstars and Purple Mash are all accessible on the internet (if you need a password, just email!)

Monday

Tuesday

Friday

Have pictures of 4 characters in the story:
Peter, Benjamin, Mr McGregor, Flopsy
Order their characteristics (using the sheet below)
Give reasons for their answers and record.

Let's get writing!

Peter Rabbit

Thursday

Complete thought, speech and feeling bubbles
about Peter and Mr McGregor

Wednesday

<https://www.youtube.com/watch?v=EuTIQC6xE5Y>

Watch the video clip of Peter Rabbit. Retell the story to a grown up
Use the sheet to write your own sentences. Can you use time words?

FRIDAY

Can you think of your own
'groups of' questions for a
grown up or older sibling
to answer?

MONDAY h

.

Tuesday

Let's count! Focus: Multiplication

Thursday

Can you work out the answers to
the multiplication sheet?

Wednesday

Count in groups of 2, 5 and 10

Monday

Tuesday

Friday

If you have some seeds from fruit and vegetables, you could plant these and see if they grow!

Let's explore! Focus- Science Plants

Thursday

What do you need for plants to grow well? Plan an investigation.

Wednesday Can you find some plants and trees on the internet or using the powerpoint? If you have a garden, can you go on a plant hunt? Use the plant identification sheet.
